

*Dear Bernards Township Cat Lovers —*

*I am writing you today to let you know a little about myself.*

*It all started one day when my dad left the house and never came back. A few days later a lady picked me up and brought me to a place with other cats — I heard her call it a kennel. I was given endless food, a soft bed and a warm place to sleep. After some time went by, the same lady said “I’m going to find you a new family that will never leave you and will give you all the love you could ever want.” She told me my new name will be “**Amor**” since I am so incredibly loving.*

*I miss not having a family. I’m a big girl, 14 lbs, around 4 years young and looking for someone to share my interests with me.*

*Can you give the lady a call who can help me find a new home? I think she goes by “Michelle”.*

*Sending Love, Purrs and Hope,*

***Amor**— the adoptable Bernards Township Cat*
