

Understanding Your Risk of Breast Cancer

CAROL G. SIMON CANCER CENTER
MORRISTOWN MEDICAL CENTER

Don't Be Spooked by Your BOOBIES...

In collaboration with the Bernards Township Health Department and with October being Breast Cancer Awareness Month, don't be afraid and join us to learn about your risk for breast cancer! This presentation will demystify breast cancer symptoms, risk assessment, and preventative strategies. Empower yourself with knowledge to make informed decisions about your health and well-being!

Presented by:

Lynne Tamburrino, APN
Atlantic Breast Associates
